Real Reviews. Real Results

*"As a Genome Healing Practitioner for over 10 years, I've helped many clients overcome PTSD, fears, phobias and physical issues, and witnessed countless life-changing transformations at Karuni's courses as well as within my personal and professional life. **Peter Murphy, writer, Genome Healing Practitioner Tweed Heads.***

*"This beautifully presented course was incredible—full of love, wisdom, and deep knowledge. Stuck trauma melted away; my organs responded, harmonized, and came alive. I now feel wrapped in a golden cocoon, with ancient energy emerging, lucid past-life dreams, and powerful signs of profound healing." **Stephanie Sinclair Playwright, artist, Christchurch, NZ***

*I had severe breathing issues—my doctor believed a hernia was pushing into my left lung. After one session with Karuni communicating with and transforming the hernia's negativity, it moved back into place. The next day my breathing improved ~80%! A week later, my chiropractor easily completed the adjustment. Truly remarkable! **Rosemary Nissan-Wade, Reiki Master – Murwillumbah, NSW***
